ONSUMTION PREVENTED-That consumption, when once firmly fixed and seated, can be cured, we much doubt; but that it can be prevented, if the proper remedies are applied in season, we firmly believe. A slight cold, a gentle cough, a general derangement of the nervous system, which renders the lodivitual sick or unwell—these are the symptoms which hereid the approach of the fell destrayer. It these be attended to in a soon all may be well; but neglect them and may will be some to gain the mastery, and what was at first only trouble-some and antoying, at last becomes alarming, and often fatal.

some and annoying, at last becomes alarming, and often faint.

For ir ciplent consumption, we know of no better remedy than WISTARYS BALSAM OF WILD CHERRY. It is soothing and healing in its nature, and is admirably adapted to silay and dissipate that annoying and distressing irritation which so much prevails at this season of the year, caused by coids, coughs and chills, brought on by frequent and sudden changes in the weather. We know si several severe rases which have been radically cured by the use of this Balsam.

Consumption, however, is a disease which differs very much in the severity of its symptoms and the rapidity of its progress, and has long ballied the skill of physicians; it cannot be supposed that this or any other remedy is capable of effecting a cure in every case and every stage of the disease; on the contrary, we must expect it to fall sometimes, a circumstance which bas attended this medicine for several years past, has overcome the prejudices of all respectable men, and the article has taken as and among the first class of discoverie and belessings of the egg; and when resorted to in season, eradicates the disease for which it is recommended.

REV. DR. STICKLAND'S AMERICAN FAMILY FILLS are undoubtedly the best vegstable compound ever discovered for the cure of Liver
Complaints, Jaundice, Piles, Costiveness, Dyapopis, Sallow Complexion, Sick Headache, Bitter Taste, Dropsy,
Kidney Affections, Gravel, Rheumatiam, Internation Irerer and Ague, Influenza, Colds, &c. Being in strict accordance with the unalterable laws of creative Frovidence, and
a knowledge of Anatomy and Physiology, the Doctor is
convinced that the same Aliwise Being has created in the
vegetable world a remedy for every disease that fiesh is
heir to. Anatomy teaches that the human body contains
many important organs called glands, each of which is employed in secreting from the blood its own appropriate
fluid, the chief of which is the Liver, Kidneys, Salivary and
Glandular bodies connected with the pores of the skin. The
Liver and Salivary Glands secrete from the blood those
fluids that carry on the work of digesitor, and thus promote
the healthy action of the bowels. The kidneys and skin secrete from the blood those deleterious impurities which, if
obstructed, will produce many diseases, and health be entirely impaired. Now, this vegetable compound statacks
the liver, stimulates it to action, removes its diseases corrects the bilious and digestive organs, causing the kidneys
to act, and opening the pores of the skin. Heace the "Purification of the Blood," whereby perfect health is restored.
For convincing proof of the above the Doctor requests a
perussi of his pamphlet, setting forth most fully the philosophy of their action, with fall directions and certificates of
unparalleled cures. Office 153 Fulton-at, New York, and
sold by venders of medicine generally. 228 3mMWS*

READ THE FOLLOWING TRUE
STATEMENT: TARRYTOWN, Dec. 9, 1850.
MR. HARRISON—Sir: I write you these few lines to nform you of the great benefit I have received from your COMPOUND SYRUP OF NAPTHA. Eight years ago I was taken with the pieurisy in my left side, and ulcerated was taken with the pieurisy in my left side, and ulcerated my lungs; therefore I was obliged to give up work and seek for relief. I tried everything that I heard of, but all to no purpose. My health continued to decline, till finally I began to raise blood and large quantities of matter. In this state I continued for some time, until last fall, November, 1849, when I took to bleeding from the lungs. I bled about two quarts in twenty-four hours. I then gave up all hopes of recovery, untill I heard of your napths. Still I thought it was like all the rest of the patent medicines, (a humbag.) But I resolved to try one bottle as a last resort, and, thanks to God, I did so, for with his blessing I believe it will make a well man of me yet. I had not taken one bottle before! a well man of me yet. I had not taken one bottle before I began to get better, and in a few weeks I was about the house, and from that time to the present I have not raised any blood-before that I had a bad spell every few months I could not de without it on any account, and would recommend all who suffer from lung complaints to try it at once, for I do believe that if anything will effect a cure, this Naptha will. Yours, with respect, C. D. REVERE. P. S.-I would have written to you before, had I not recently contracted a severe cold, which your Naptha has entirely removed. I can now attend to business, and expose myself to all weathers.

DR. CHILTON'S NEW MAGNETO—
ELECTRIC MACHINES - For Medical Application.
—These instruments possess greatsdwantages over all others for medical use, the shocks being obtained entirely from permanent magnets, and the mechanism is so arranged as to cause the current of induced electricity to pass in lany direction, at the will of the operator. They require no galvanic battery to put them in action, and consequently there is no need of acids or other liquids so objectionable in the kinds now in use. They are always ready for immediate application, and are in no wise liable to get out of order. All that is secessary to put the instrument in action is simply to turn a small handle, which could be done by a child or even in many case by the patients themselves.

They are put up in a portable form, being secured in neat cases, from which they do not require to be removed.

RHEUMATISM, PAINS, and Stiffness

The UMATISHI, PAINS, and Sulfiness near them, and other distressing symptoms too well known to need description, may be effectually removed by the use of Ring's Compound Syrup of Hydriodate of Potass, Sarsaparilla and Yellow Dock Root. It is recommended in full confidence as being a specific, and needs but a trial to convince the most incredulous of its surprising properties. Prepared and for sale by C. H. RING.
